

# The Seder Clock

The Seder Clock aims to help everyone know exactly where we are in the Seder.

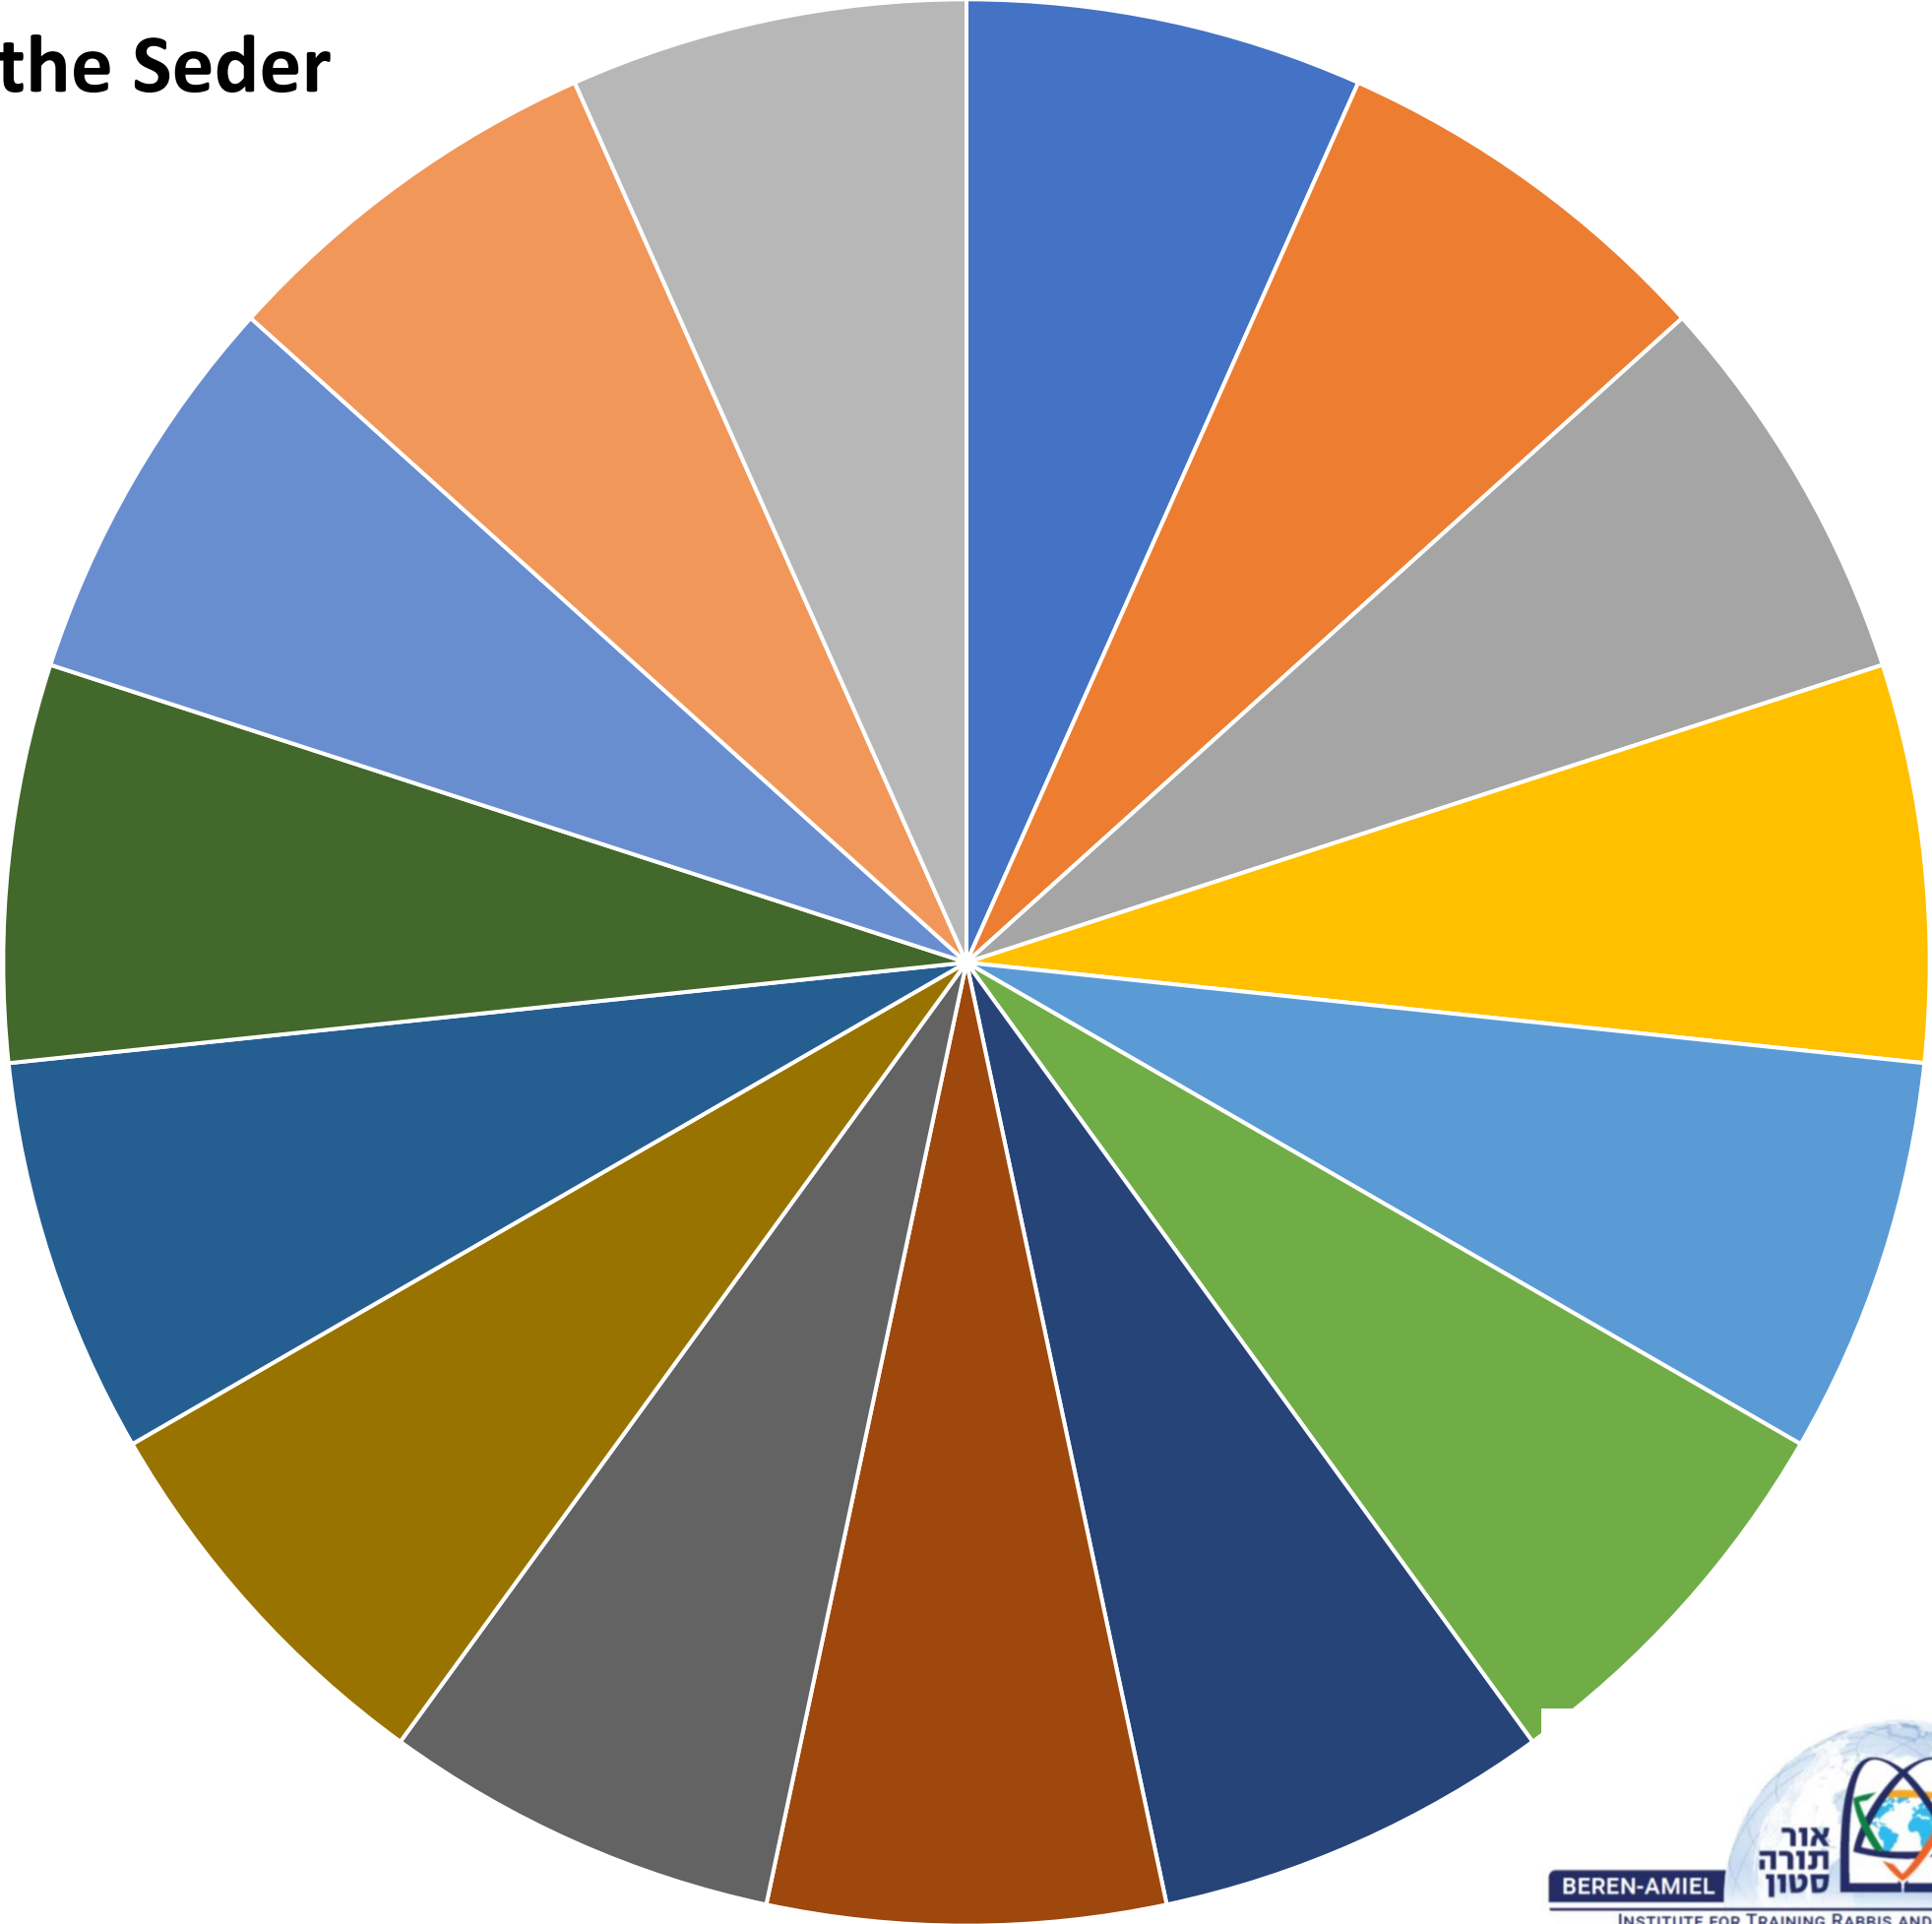

Give a child the responsibility for adjusting the clock, and help them find the right place each time.

## What to do:

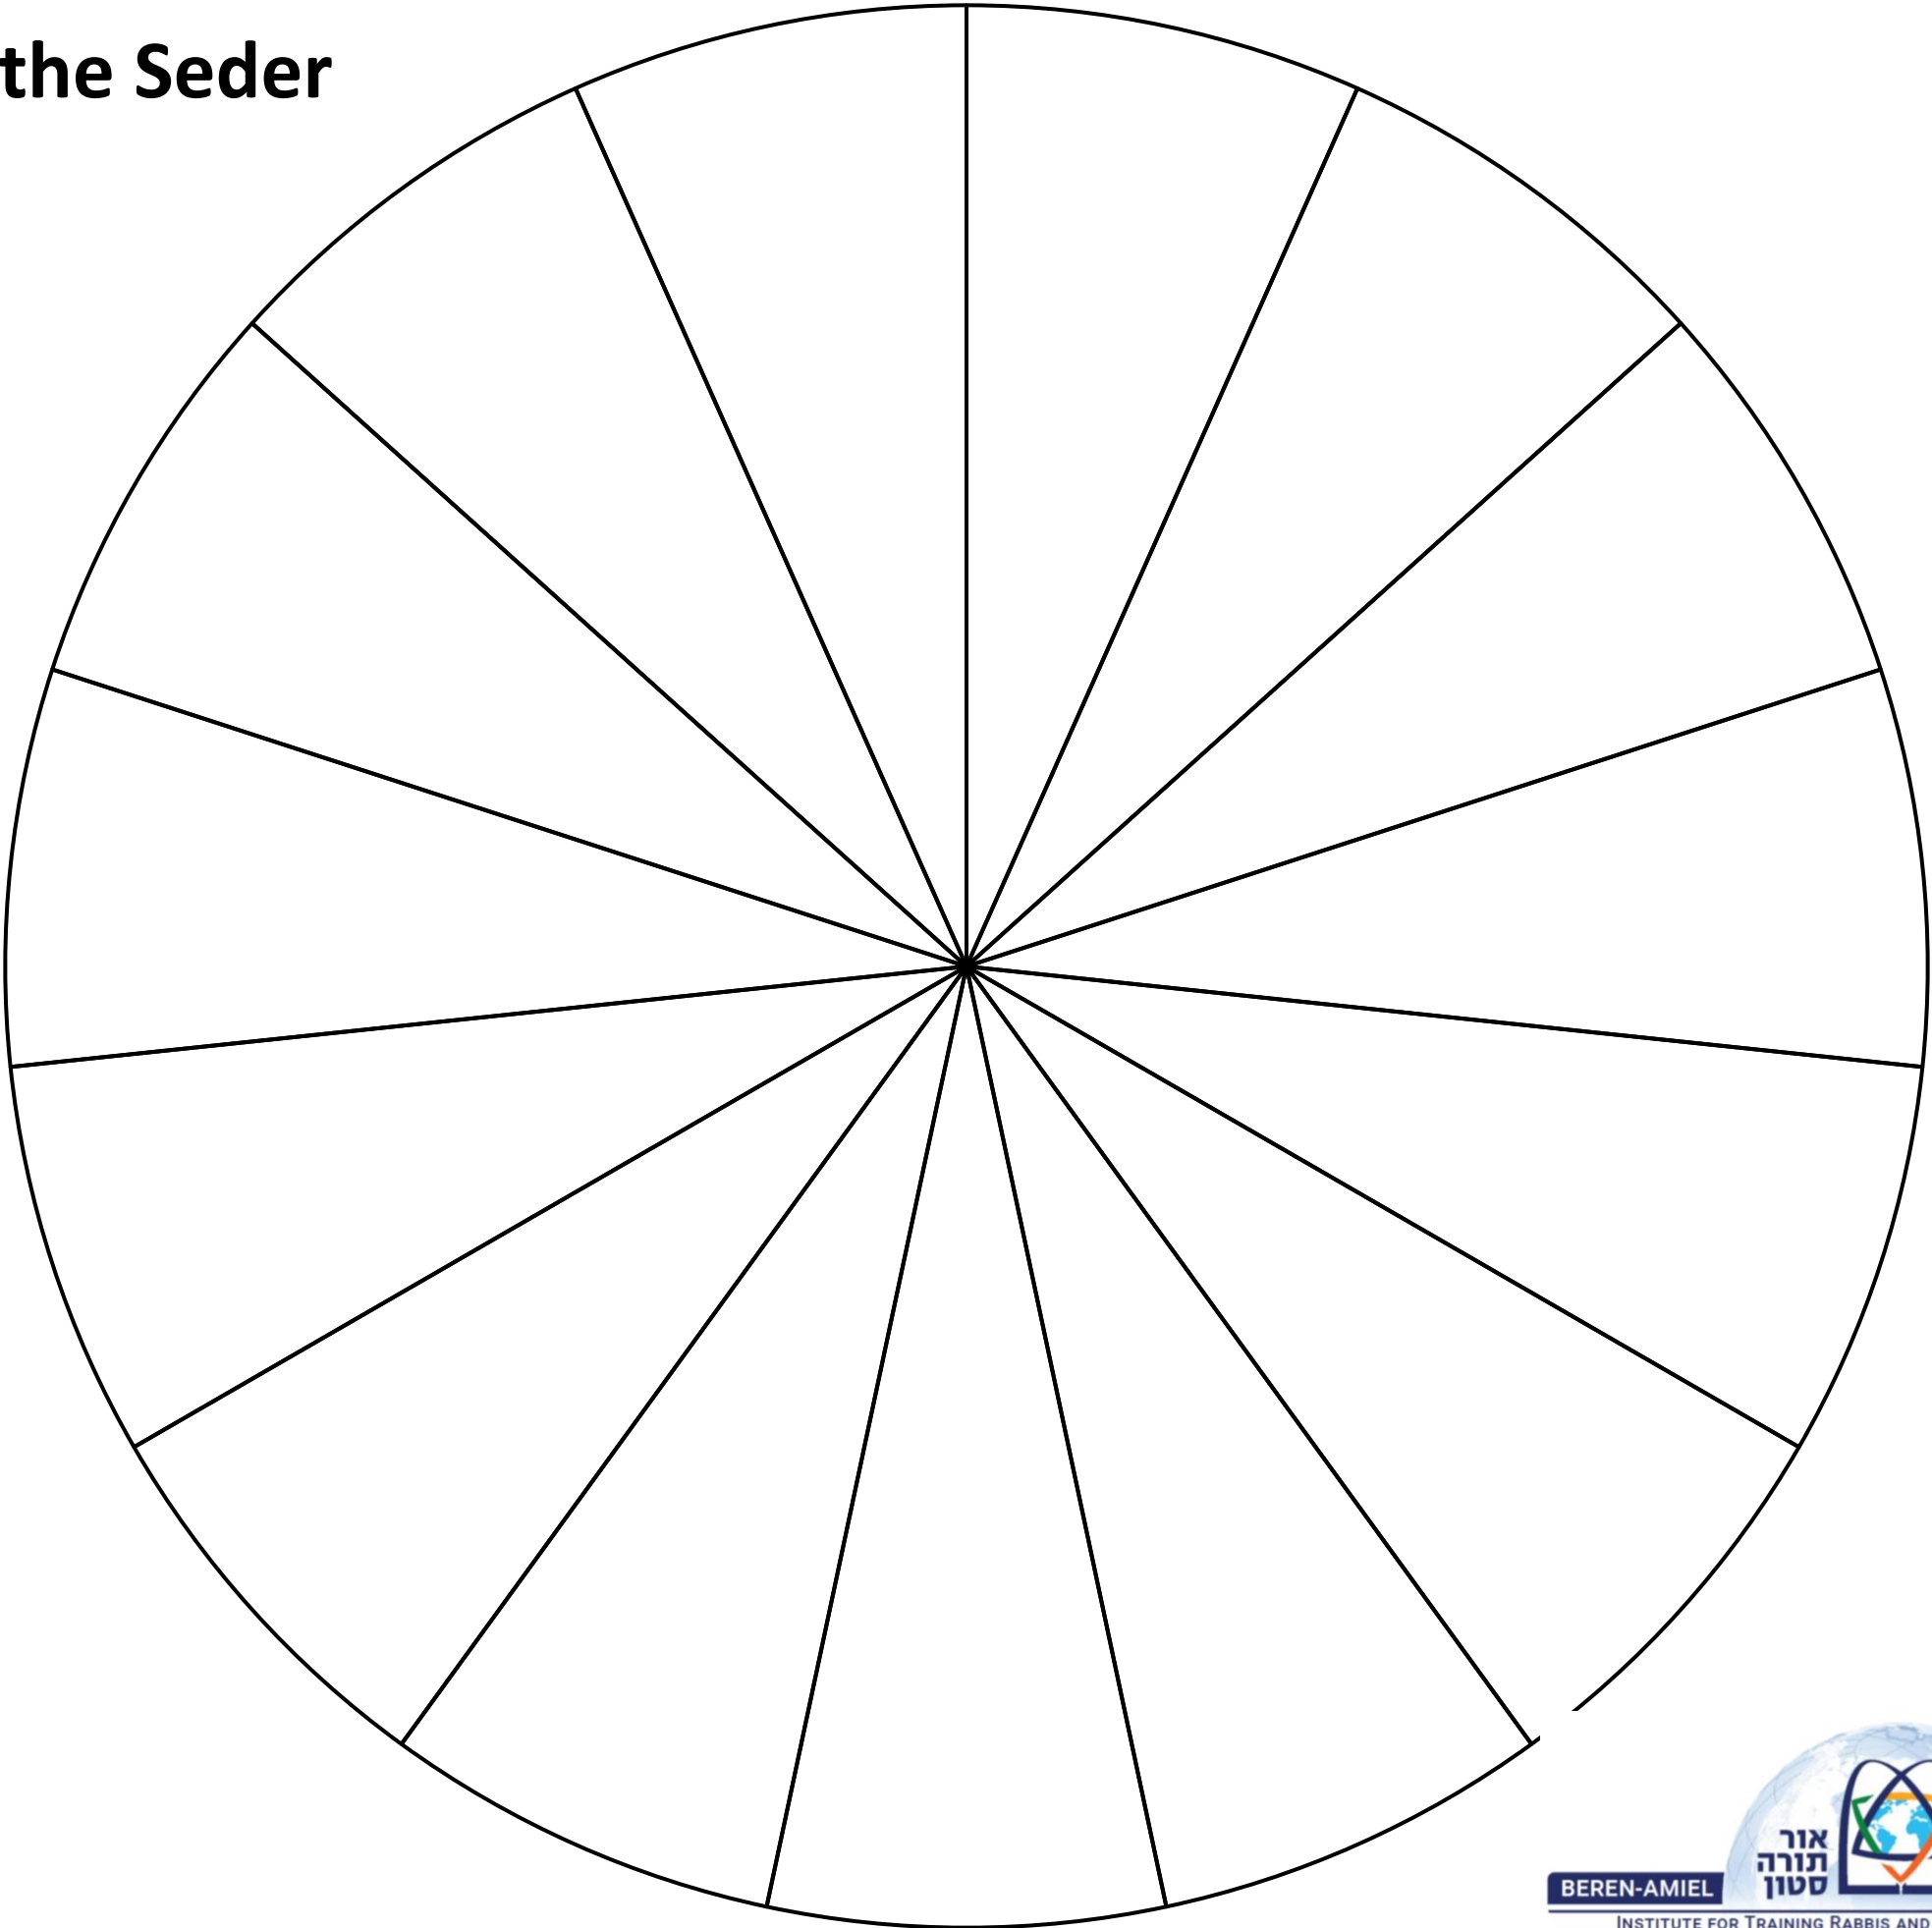

- Use one of the templates and decorate them any way you'd like.
- Cut out and decorate the arrow.
- Using a split pin, attach the arrow and use it as a clock hand.

Laminate the clock and arrow to best look after them.
